Inc.; Valley West Refuse Service; NW Lien Service; United Parcel Service; Thomas Bros. Maps; Geographic Data Tech, Inc.; TVWD

FROM: Hillsboro Planning Department

RE: Connecting Hillsboro Address Project Phase 1-A:

This letter is official notification that the City of Hillsboro is changing the site addresses within this (Old Orenco) district. The attached listings show the conversion from the current address to the newly assigned address. To help in mitigating the impact of this procedure the city is issuing the addresses with a one year phase in. The newly assigned address may begin being used on **January 15, 2017** and must be in full use by **January 31, 2018**. During this period of time you may start using the new address, but you must be using the new address by the end date. USPS no longer requires you to file a change of address notification for this procedure, once mail comes in with the new address they will deliver to you as normal and during this period they will continue delivering your mail with the old address as well.

It is also recommended that you keep your copy of this letter as it will show that your change of address was issued by the City of Hillsboro (some agencies may require a copy of this letter for validation of the change to your address).

Remember to notify those that you have regular correspondence (such as magazines, credit cards, etc.) with of changes in your addressing.

It is still required to file a change of address with the Oregon Department of Transportation.

As always, please see the attached vicinity map(s) for the general location of each of the previously listed items for the legal addresses.

These addresses will be effective immediately unless otherwise specified.

Should you have any questions concerning the addresses please contact me at 503.681.5292 or you can reach me by e-mail at john.boren@hillsboro-oregon.gov

Sincerely,
CITY OF HILLSBORO PLANNING DEPARTMENT
