RE: Connecting Hillsboro Address Project Phase 3-C

Dear Property Owner and/or Resident/Tenant,

This letter is official notification that the City of Hillsboro is changing the site addresses in your area as part of the broader Connecting Hillsboro Address Project. The attached list denotes the old and new addresses. No suite/unit/building numbers will change as a result, and the city and zip code for the addresses in this area will remain as they were before.

To help with the transition to the new addresses, the city is issuing the new addresses with a one year transition period for residential sites, and two year transition for all non-residential sites. The newly assigned addresses may be used immediately, but must be in full use by **November 30, 2018** for residential sites, and by **November 30, 2019** for non-residential sites. During this transition period, both addresses will be valid for postal mail; however the old address will cease to be beyond the full use date. The United States Postal Service does not require the filing of a change of address – you can simply start using the new address.

Please note that while the United States Postal Service and emergency responders will show the new addresses as valid immediately, there could be up to a several month lag before other public agencies or databases (e.g. DMV, UPS, FedEx, Amazon, Google Maps) start reflecting the new addresses. We recommend waiting to utilize the new address with a shipping company or navigation tool until confirmed that it's showing up in their systems. Should you encounter an agency or business that does not have the new address, you may continue to use your old address until the end of the transition period.

It is also recommended that you keep a copy of this letter, as it will show that your address was issued by the City of Hillsboro (some agencies may require a copy of the letter as validation of the change).
