

Walking School Bus Kick-off

WL Henry Elementary School

WL Henry kicked off their Walking School Bus program in January 2019 with a rally and two walking events.

Rally

On January 11th, 48 community members attended a rally to learn about the new walking school bus program and practice pedestrian safety skills.

Walking School Bus

WL Henry students and parents were joined by Sparty from Hillsboro High School and Hillsboro High School's leadership students for their first walking school bus event on January 16th. This was a great opportunity to encourage student fitness and teach safe walking skills. This walking program will occur weekly throughout the school year.
