Delta Dental of Oregon & Alaska

Limitations

If a more expensive treatment than is functionally adequate is performed, Delta Dental Plan of Oregon will pay the applicable percentage of the maximum plan allowance for the least costly treatment.

Preventive (Class 1 services)

- **Diagnostic** Routine or comprehensive examinations or consultations covered once in any 6-month period. Supplementary bitewing x-rays are covered once in any 12-month period. Complete series x-rays or a panoramic film are covered once in any 5-year period.
- **Preventive** Prophylaxis (cleaning) or periodontal maintenance is covered once in any six-month period. Additional periodontal maintenance is covered for members with periodontal disease, up to a total of 2 additional periodontal maintenances per year. Topical application of fluoride is covered once in any 6-month period for members until age 19. For members age 19 and older, topical application of fluoride is covered once in any 6-month period if there is a recent history of periodontal surgery or high risk of decay due to medical disease or chemotherapy or similar type of treatment. Sealant benefits are limited to the unrestored, occlusal surfaces of permanent molars. Benefits will be limited to one sealant, per tooth, during any 5-year period except for evidence of clinical failure.

Basic (Class 2 services)

- **Oral Surgery** Limited to extractions and other minor surgical procedures.
- **Restorative** Amalgam and composite fillings are covered for all teeth. A separate charge for general anesthesia and/or IV sedation is not covered when used for non-surgical procedures.
- **Periodontic** Scaling and root planing is limited to once per quadrant in any 2-year period.

Major (Class 3 services)

- **Implants** and implant removal are limited to once per lifetime per tooth space. A crown over an implant is covered once per lifetime of the implant.
- **Restorative** Cast restorations (including pontics) are covered once in a seven (7) year period on any tooth.
- **Prosthodontic** A bridge or denture (full or partial, including alternate benefits) will be covered once in a seven (7) year period only if the tooth, tooth site, or teeth involved have not received a cast restoration benefit in the past seven (7) years. Specialized or personalized prosthetics are limited to the cost of standard devices.
- **Occlusal Guard** (night guard) covered at 100% once in a five year period, up to \$150 maximum. Over-the-counter night guards are excluded.
- **Athletic mouth guard** covered at 50%, once in any 12-month period for members age 15 and under and once in any 24-month period age 16 and over. Over-the-counter athletic mouth guards are excluded.

Exclusions

MEMBER ID CARDS

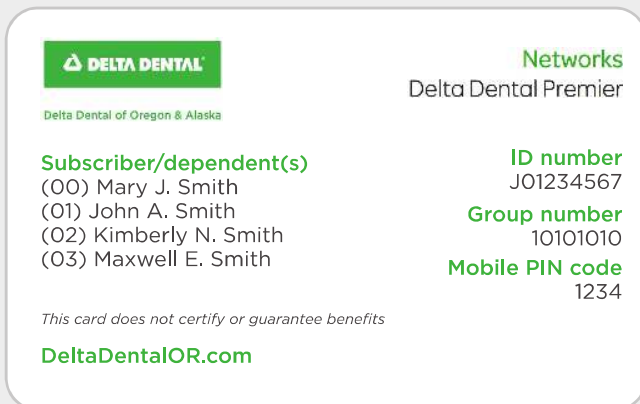

Online or in your wallet, your member ID card has you covered.

To use your benefits, just have your member ID card ready. It shows your member and group numbers, along with other important details. Hand it to your provider whenever you go in for care.

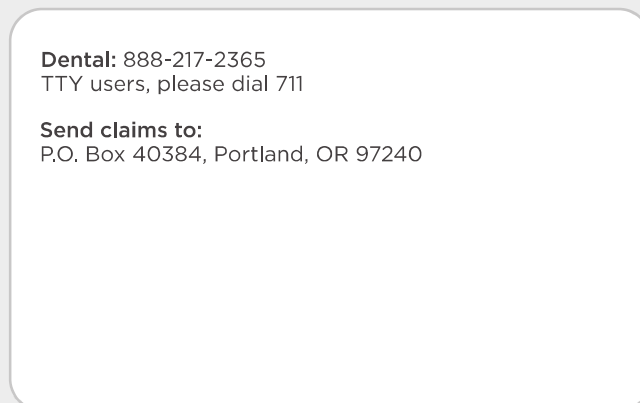

What does my ID card look like?

Each card is a little different. Your card includes your member ID number and plan provider network. If you have a group plan, the card might also have your employer's logo. Most cards look something like this:

Front

Back

New member?

If you just joined us, welcome. We're thrilled to partner with you along your health journey. We'll mail you an ID card right away. We suggest you keep it in your wallet or purse.

View your card online

It's easy to access your ID card from a computer or smartphone, too. Here's how:

On your Member Dashboard

Log in to your Member Dashboard on our website and click on the "ID card" tile to access a PDF version of your card.

Don't have an account? Create one in seconds. With your member ID handy, visit our website and follow the instructions to enter your information. You'll love everything you can do — check your benefits, review claims, see your Member Handbook, and more.

On the mobile ID app

Access your digital ID card on a smartphone or tablet by downloading the "Moda Health eCard" app. To sign in, use the mobile PIN listed on your online ID card (within Member Dashboard) and your subscriber ID.

We hope these digital options make getting care a little easier.

DeltaDentalOR.com

Use Find Care to locate a dental provider near you

Our provider directory tool can help you save money when seeking care.

Find Care, our online provider directory tool, makes it easy for you to locate an in-network provider by name, provider type, specialty, network, location, gender identity and more. Plus, finding an in-network dental provider that's right for you can also save you out-of-pocket costs.

How to find a provider

1. Visit deltadentalOR.com.
2. Under the "Online Tools" drop-down menu, select "Find a dentist".
3. Choose the "In Oregon or Alaska" link or "Outside of Oregon and Alaska" link depending on the state you live in.
4. Under network, choose the Delta Dental PPO or Delta Dental Premier network, which can be found on your member ID card.
5. Under location, enter in a city, state or zip code, and then search.

Save costs when you choose in-network care

Getting quality care is easier and more affordable when you see "in-network" dental providers. These providers agree to accept your insurance at lower rates and meet quality standards. Choosing an in-network dental provider keeps your out-of-pocket costs low.

In-and out-of-network costs

It's important to know you may pay more for services from out-of-network dental providers than from in-network providers. If you choose an out-of-network provider, your benefits only cover a percentage of the maximum plan allowance for these services. Out-of-network providers may also bill you for the difference between the maximum plan allowance and their billed charges. This is known as balance billing. In-network dental providers can't do this. Please see your plan summary or your Member Handbook to learn more about in-network and out-of-network benefits and costs.

PREVENTIVE CARE

Think preventive first when it comes to your dental care

Seeing your dentist regularly helps prevent serious and expensive services down the road. As a Delta Dental member, your employer offers a preventive first dental plan.

Under these plans, preventive services do not apply to your annual maximum.

Preventive services may include:

- Routine exams/X-rays
- Regular cleanings
- Periodontal maintenance

By saving on preventive care, you can use your annual maximum for services including:

- Treatment of diseases of the gums
- Fillings
- Oral surgeries
- Crowns
- Dentures and bridges

With your Delta Dental preventive first plan, your employer helps you get greater value out of your dental benefits.

DENTAL BENEFITS

Health through Oral Wellness®

When it comes to oral health, we know some people need more care than others. Delta Dental of Oregon's Health through Oral Wellness® program offers extra benefits to members who have greater risk for oral diseases.

The program uses a clinical oral health assessment to find out your risk of tooth decay, gum disease and oral cancer. Based on your risk score, you may qualify for additional cleanings, fluoride treatments, sealants and periodontal maintenance.

With extra benefits and related care, you can:

- Take charge of your oral health
- Prevent oral health issues before they happen
- Access resources to manage your oral health
- Learn how to achieve and maintain better oral wellness

Ready to get started?

Follow these simple steps to see if you qualify:

- 1 Visit deltadentalor.com/oralwellness/members to learn more about the program and take a free oral health risk self-assessment. You can choose to share your results with your dentist to start the conversation.
- 2 Talk to your dentist about the program. If they're not registered, ask them to call our toll-free Health through Oral Wellness provider line at 844-663-4433. Once registered, they can perform an oral health risk exam and can let you know if you qualify.

OVER →

- 3 To look for providers registered with the program, go to deltadentalor.com and choose Find Care. Dental providers registered with Health through Oral Wellness will have a badge icon next to their name.

** All enhanced dental benefits are subject to your plan's annual maximum and other limitations.*

ORAL HEALTH, TOTAL HEALTH

Dental benefits that protect more than just your smile

If you are diabetic or pregnant in your third trimester, the Oral Health, Total Health program offers more ways to care for your teeth and mouth — and keep the rest of your body healthy, too.

If you have diabetes

Diabetes increases the risk of cavities, periodontal (gum) disease, tooth loss, dry mouth and infection. If you have been diagnosed with this disease you are eligible for four prophylactic (preventive) cleanings or periodontal maintenance visits per year through our Oral Health, Total Health program. Protect your teeth and gums by enrolling today.

For details on the Oral Health, Total Health program, refer to the dental Member Handbook or visit Member Dashboard, your personalized member website.

If you're pregnant

Pregnant members who have periodontal (gum) disease are more likely to have a premature and underweight baby. Bacteria can enter the bloodstream through the mouth, and the body's response to the infection can trigger early labor.

If you are expecting, you can enroll in the Oral Health, Total Health program to help prevent gum disease. If you've already had two cleanings for the year, you'll be eligible for another cleaning or checkup during your third trimester. This added preventive (prophylactic) visit is covered regardless of normal plan frequency limits. That way, you can receive a dental cleaning during the third trimester, no matter what.

Learn more and enroll

To enroll in the Oral Health, Total Health program, fill out the form on the reverse side of this sheet or access the form online by logging in to Member Dashboard. Once you've signed in, simply click on "Oral Health, Total Health" in the myHealth tab.

TELEDENTISTRY

Dental care, from wherever you are

Teledentistry, a version of telehealth, is the use of telecommunication to have an appointment with a dental provider. It often includes two-way video, telephone, email, text or chat. We have expanded our dental coverage options so that you can receive dental care through teledentistry instead of physically going to see in-network dental providers, when needed.

What can you use a teledentistry visit for?

Teledentistry is a convenient option for those times when you may not need to physically go into a dental office. Following are a few examples of what you can use teledentistry for.

You can use a teledentistry appointment:

- **For an initial evaluation:** If something comes up you would like to ask your dentist about, you can first have a teledentistry appointment to see if the dentist thinks you need to come into the office. The dentist may ask you to take a picture of your mouth and send it before your appointment.
- **For a routine exam when you're unable to have an in-person visit:** Your dentist can take a look inside your mouth via video and talk about anything that may

concern them. They may ask you to use a flashlight or a few other household items to help conduct the exam.

- **For a recent injury:** Teledentistry is a great after-hours option for a recent injury that's not an emergency. Examples include missing fillings, crowns and mouth ulcers.

Scheduling a teledentistry visit

If you have a dental office where you currently receive care, we recommend contacting that office directly to schedule either in-person or virtual appointments. If you do not have an in-network dental provider, you can use our online provider search tool to locate one. Just visit deltadentalor.com/provider/online-tools/provider-search.

Dental services provided by in-network providers via teledentistry are now covered for Delta Dental of Oregon when billed as a class 1 service.
