NE John Olsen Ave / NE Walker Rd Crash Diagram  
Hillsboro, OR

Figure  
18

**Concept Purpose:** The projects identified in this graphic are intended to address a history of drivers disregarding the traffic signal, particularly for drivers traveling eastbound colliding with drivers traveling northbound. They are also intended to improve the visibility of people walking and biking at the intersection to address the two injury crashes involving a person walking or biking.

**Concept Only:** The final design will vary based on additional public outreach and engineering work
